Town Sponsorship

The Town of High Prairie is committed to informing and educating citizens and supporting local organizations and groups in ways that align with the goals, purposes, and strategic plans of the Town. In January 2021, Town Council approved Sponsorship Policy No. 46-2021. This policy sets out the criteria and process for Town sponsorship and we are calling on non-profit and charitable organizations that meet the criteria set out in the policy to submit their sponsorship requests to the Town. Application forms can be found on the Town website.

The deadline to apply for sponsorship in 2022 is **September 1, 2021**. Please forward your application to reception@highprairie.ca.

Don't Strain our Drains
Bylaw 04-2019

Recently the Town has encountered several items in our system that have caused blockages in our equipment.

Flushing items such as towels, baby wipes, sanitary products and grease cause damage to our infrastructure and are prohibited waste according to the Town's Utility Bylaw. Please help us to protect the Town's utilities by properly disposing of these items.

Fire Safety

High Prairie Fire Department

Anytime you are wondering about fire bans or restrictions for the Town or County, please refer to albertafirebans.ca. This location will give you accurate approved information. Facebook opinions are not official.

There is evidence of people showing total disregard for fire bans. Fire bans are not made to ruin your fun, but to ensure human caused fires do not add more work for our firefighters. The Pines is a beautiful place to go but imagine this all burned because someone just had to have that campfire.

Soak it.
Stir it.
Soak it again.

Make sure your campfire is out and never leave it unattended.

If backcountry campfires are approved, remember to "Soak it - Stir it - Soak it again" to ensure the fire is out.
